

Value Chain Dialogue

Thursday 2 February 2023 afternoon
Renaissance Brussels Hotel, 19 rue du Parnasse

Possibility of a Value Chain Dinner on the evening before, from 7h30

12h-13h: Networking lunch, at the venue of the meeting

13h-13h10: **Welcome by EuropeOn & expectations for the Value Chain dialogue**

Overarching theme: The energy crisis as a turning point: threats & opportunities for the twin transition

13h10-14h10: **Setting the stage with a short overview of current sectorial challenges**

*max. 10 minutes by association: **EuropeOn** (electrical contractors), **GCP Europe** (mechanical contractors), **Eurelectric** (electricity industry) **SolarPower Europe**, **EHPA** (European Heat Pump Association), **EUEW** (European Union of Electrical Wholesalers)*

14h10-14h25: Coffee break

14h25-15h45 (1h25, with a coffee break in the middle): **Small groups discussions**

Here is a draft list of topics. Participants are free to go from one group to the next, or to engage in bilateral meetings:

- Energy efficiency & management: finding business opportunities in the energy crisis
- How can supply chains cooperate for more productivity and less supply disruptions
- Quality of products, quality of installations
- Cooperating on workers & skills shortages (trans-national projects? EU funding?)
- Simplifying PV and heat pumps installation (including: noise reduction)

15h45-16h00: **Wrap up & approval of common statement**

16h00-...: **Networking coffee...** for those who can stay

We could provide some space for bilateral exchanges
